Every UCAS applicant has a reference written for them. It is mostly based on your teachers' comments and will be sent with your application. To ensure that universities know they have been written without student influence, you are unfortunately not able to read them yourself, but trust us, they are always positive! Where possible or relevant, we will include extra information about you based on this student profile.

This form is for internal use only, so universities will not see this. **However, please make sure you complete it to ensure you receive the best possible reference!**

Once you have filled in this form, in English, and as briefly as possible, please upload it to your LOCKER on Unifrog by **FRIDAY 8th MAY, 5PM.**

Remember to upload supporting evidence of your achievements or qualifications as separate documents, naming each one so that it is clear what the document is, for example: "SMITH Jean – Python coding certificate".

These will NOT be visible on your UCAS application – they are for internal use only.
